

'Spurring each other on with love'

22 November 2023

Dear Parents and Carers,

Re: Foundation Stage and Key Stage One Christmas Carousel

With Christmas rapidly approaching, we are beginning to think ahead and plan some Christmas activities within Foundation Stage and Key Stage One. One of these activities will be a carousel of Christmas crafts and will take place during the week beginning **Monday 11 December 2023**. The children will be taking part in three different craft activities in mixed groups and will have the opportunity to work alongside children and teachers from other classes throughout Foundation Stage and Key Stage One.

This is the first of many transition activities we plan to enable children to become familiar with other members of staff who might teach them in the future, explore the different classrooms and forge positive relationships with other children.

In order for us to be able to provide all the resources needed for the Christmas craft carousel, we are asking for a contribution of **£1.50** per child (on this occasion only cash). Please could this be sent into school in an envelope marked 'Christmas Carousel' by **Friday 1st December 2023** at the very latest.

We are looking forward to the lovely Christmas creations that the children will bring home to you!

Thank you for your support.

Yours sincerely,

Mrs J McTaggart
Transition Leader
