15 October 2024

Dear Parents and Carers,

In Collective Worship over the last few weeks, the children have been finding out about Harvest celebrations from around the world.

After finding out about the charity, Leprosy Mission, in their RE lessons, some of the Year Four children came to ask me if we could collect money rather than food this harvest time in order to support this charity with their work. The children shared their reasons for wanting to support this charity with the rest of the school in worship on Friday. It was wonderful to see Year Four being so passionate about supporting the work of this charity and sharing their learning with the rest of the school. Well done Year Four for all of your hard work and for finding a way to spur your global community on with love.

Whilst listening to the children, the rest of the school found out that Leprosy Mission is a charity that aims to live out the teachings and example of Jesus by supporting people who have leprosy to find medication. They also support those who have recovered but may need mobility or everyday living support. This charity also pays for medication for the poorest communities around the world, supporting people to rebuild their lives after this illness.

If you or your child would like to send a harvest gift to support this charity, please send your child to school on Friday 18th October with a golden coin. The children will be using these coins to cover paper copies of the Leprosy Mission logo during our whole school harvest sing-along. After the money is collected, the children will count it and send it off to the charity to spur them on with love this harvest time.

Yours sincerely,

Miss K Freeman
Church School Distinctiveness Leader
